

IMPLEMENTATION ROADMAP

PHASE I – PRE-AQUISITION

Deal Structuring, Strategic and Cultural alignment

- Evaluate cultural and strategic compatibility
- Secure necessary approvals from regulators and shareholders
- Structuring the deal (payment terms & equity considerations)
- Double checking regulatory conditions

PHASE II – DEAL FINALIZATION

Deal Negotiation and Finalization

- Negotiating with board of directors of the target company
- Finalizing terms of deal
- Fulfilling necessary regulatory conditions

PHASE III – POST ACQUISITION INTEGRATION

Transition of Power and Integration

- Appointing a new board of directors consisting of old key members and new ones elected by Reliance
- Aligning IT systems of the two companies
- Notifying customers, vendors and logistic partners about the transition

PHASE IV – POST ACQUISITION OPTIMIZATION

Optimizing Operations

- Optimize fleet operations, reduce redundancy, and improve route planning.
- Consolidate warehousing, improving inventory pooling across regions.
- Implement data-driven inventory and demand forecasting for better fulfillment
